

# WeBWork at U-STEM Workshop

education

## DATE & TIME

**21 November 2018 (Wed)**

**2:45 p.m. - 4:15 p.m.**

*(Registration starts at 2:30 p.m.)*

## VENUE

**Room 502, 5/F,**

**Yasumoto International Academic Park,  
The Chinese University of Hong Kong**

With the support of UGC funded teaching and learning project "Developing Active Learning Pedagogies and Mobile Applications in University STEM Education", we are now able to develop "WeBWork at U-STEM". WeBWork is an open-source online homework system for math and science courses. It allows teachers to select problems from the problem Library for students to complete their assignment over the web, and students can receive immediate feedback on the correctness of their answer. In this workshop, Dr. CHEUNG Leung Fu (CUHK) will introduce the new platform. It is a user-friendly platform that enables teachers and students without programming background to use WeBWork.

Dr. Fridolin TING (PolyU) will share the user experience of WeBWork, while Dr. Beatrice CHU (HKUST) will share the experience in introducing WeBWork and the students' feedback.

"WeBWork at U-STEM" is free for university teachers in Hong Kong.

## SPEAKERS

- **Dr. CHEUNG Leung Fu,**  
Senior Lecturer, Department of Mathematics (CUHK)
- **Dr. Fridolin TING**  
Teaching Fellow, Department of Applied Mathematics (PolyU)
- **Dr. Beatrice CHU,**  
Head of Professional Development, Center for Education Innovation (HKUST)

## REGISTRATION

### CU participants

<https://webapp.itsc.cuhk.edu.hk/ras/restricted/event?id=23784>

### Non-CU participants

<https://cloud.itsc.cuhk.edu.hk/mycuform/view.php?id=211132>
