

Improving Postgraduate Learning (IPL) Programme  
**Application Form for**  
**Use of Biological Safety Cabinets**

**Notes to Applicants and Supervisors:**

1. A minimum of four students is required for each group. Classes may be cancelled or rescheduled if there are not enough students. All applications will be processed on a first-come, first-served basis. Successful applicants will be notified by email.
2. This course is only recommended for research postgraduate students who will perform procedures that may have an associated biological hazard (e.g. bacterial and virus) or require a clean environment for cell culture.

**Part I (to be completed by applicant)**
